Mr. Franklin:

This letter follows our conversations regarding the Application for Certification Testing for Democracy Suite 1.0.0, submitted by Mr. James Hoover of Dominion in February 2007. As you are aware, Dominion is diligently prosecuting the Democracy 4.6 system through testing at Wyle Laboratories; and there has been no activity on Democracy Suite 1.0.0 for the 180 days referenced in the EAC Certification Program Manual. Dominion looks to terminate the Democracy Suite 1.0.0 Application at this time.

Do not hesitate to contact me if you have any questions or concerns arising from this letter.

Sincerely,

A handwritten signature in black ink that reads "Edwin B. Smith, III". The signature is written in a cursive, flowing style.

Edwin B. Smith, III  
Vice President, Certification and Compliance
