

October 16, 2014

Ms. Megan Dillon, Computer Engineer
US Election Assistance Commission
1335 East West Highway, Suite 4100
Silver Spring, MD 20910

Ms. Dillon:

Unisyn Voting Solutions hereby makes a request to your office for an update to the OpenElect system version 1.3 Application for System Testing. I have updated the sections of the Application form on the EAC website VRT and noted below the additional changes required. In short, we seek five changes to the Application:

- New Ballot Box
- 4 new power adapters:

Part Number	Component	Part
28AD3	OVO	Citizen Printer
uA320-1024	OVO	PDI Scanner
PS60A-24B 1	OVI-VC	Star Printer
ATS050-P151	OVI-VC	GVision touch screen

Unisyn Voting Solutions thanks you in advance for your consideration of this request.

Sincerely,

Chris Ortiz
Manager, Certification and Business Development
